The Team requires a strong working relationship built of good communication, knowledge, and trust of each individual and their position, good coaching from the adults and encouragement to help ensure it is girl-led, and strong leadership abilities from the Youth Directors.</p> <p><b>Well Written:</b> The Lake Forest Day Camp Leadership Team invited older girls from surrounding service units to help plan the event and invited the younger scouts to participate. In the last few years, with the pandemic shadowing every decision, the team was one of the few that still planned and held a Day Camp. They work hard to ensure the camp is filled with meaningful activities, from badge work suitable to multiple scouting levels, including journey work, and even allowing the older scouts to earn their leadership awards. I volunteered at camp this year for the first time and was blown away by how smoothly everything went. This team tackled the challenges imposed by COVID and the new requirements to have sufficient car space for every scout in case of an emergency evacuation. They worked hard and made this camp a memorable experience for all the campers. So much of the culture of Day Camp is created by the teamwork of the Leadership Team, and these nominees have come together to create a magical experience that the younger Scouts will forever remember and pay forward when they grow into Camp Aides and Senior Girls.</p>
